MANILA AFFAIRS MUCH COMPLICATED.

Insurgents Have Assumed an Attitude That Is Exceedingly Dangerous.

THEIR VICTORIES MISLEAD THEM.

They Want to Possess the City, but Merritt and Dewey Will Fore-stall It If Possible.

WILL DEMAND THAT THE CITY SURRENDER.

This Is Expected to Cause Trouble Between Americans and Aguinaldo's Forces, and May Result In a Battle.

Washington, Aug. 1.—General Merritt has again cabled the war department relative to the situation in Manila, which he finds very unsatisfactory and dangerous, owing to the attitude of the insurgents. In the opinion of General Merritt the attitude of the insurgents there is similar to that assumed by Garcia's Cubans upon the question of their right to enter and possess themselves of the city, although in this case the insurgents are a much more formidable element, being not only numerous, but better armed and filled with arrogance following their numerous victories over their Spanish foes. General Merritt, however, indicates he will do his utmost to protect the citizens from the savagery of the insurgents.

The general gave notice he was about to combine with Admiral Dewey in a joint demand for the surrender of the city to the United States forces, thus forestalling the insurgents and this move may cause a rupture.

It is possible, in view of the fact that Merritt's cablegram was sent from Cavite last Thursday, this movement has been made already by the combined American military and naval force, although there is some doubt about this on account of the statement from General Merritt that he may need all his soldiers before attacking.

Secretary Alger and Long held a conference with the president over the serious situation in the Philippines. They had an important dispatch from Dewey as well as Merritt. Secretary Alger admitted significance of these dispatches, but declined to state the exact nature.

There is much surprise at the way Aguinaldo has acted. Dewey furnished him guns for his men, and directed all his movements up to a short time ago, and for him to set as he has, shows him to be either a traitor or he is acting under some influence that is dangerous.

If an armistice is granted, pending the settlement of peace, and should Aguinaldo refuse to abide by such, there is a possibility of the Spanish and American forces combining and wipe Aguinaldo and his men from the face of the earth.

The day opened quietly at the state, war and navy departments, and there was visible warning interest in the war, the attention being rather diverted to peace negotiations.

It was still the understanding that no word was to be expected until tomorrow from Spain touching the acceptability of the United States' demands.

General Gresley, chief signal officer, announced he was now in direct cable communication with Miles' headquarters at Ponce, Porto Rico. The present cable runs from Ponce to St. Thomas, thence to Martinique and Kingston and so on by one of two routes to New York. The British officials who control the cable are perfectly willing to transmit messages for the United States government over it provided our forces are in possession of the cable terminals, but they will not allow their cables to be used if the insurgents are "cut in" at any intermediate point.

Praise For Bismarck.

St. Petersburg, Aug. 1.—Newspapers are unanimous in lauding the greatness and eminent genius of Bismarck. The Novoy Vremya says he was the most gifted diplomat of all time.

Will Give Up the Grey Hounds.

Washington, Aug. 1.—The navy department has concluded that it can dispense with four big American line steamers, formerly known as the New York, St. Louis, St. Paul and Paris and the war department has begun negotiations for chartering them.

Election In Alabama.

Birmingham, Aug. 1.—An election was held in Alabama today to elect a governor and all state officers, includ-

ing members of the supreme court, or members of the general assembly and half the senate and for county officers in various counties. The Populists have men at the polls here to keep tally on the number of votes cast, as they say, to detect frauds if any are committed by the Democrats.

Quiet at Montgomery.

Montgomery, Ala., Aug. 1.—The election here was very quiet. Complete Democratic victory over the state is assured.

THREE PERSONS DEAD AND MANY INJURED.

Fire in a Chicago Hotel Cut Off All Escape and the Guests Had to Jump For Their Lives.

Chicago, Aug. 1.—Guests of the Berwyn hotel, 148 North State street, were aroused at 4 o'clock this morning to find the hostility on fire. So rapidly did the blaze spread, that men and women found themselves cut off from escape from the stairs. Three lives were lost and a number of others were maimed and bruised in jumping from high windows to the pavement.

The dead are: William Siederman, aged 23, jumped from an upper floor and died from his injuries.

Two unknown, found on the fifth floor, burned beyond recognition.

When the fire was discovered, it was burning fiercely on a lower floor.

Pedestrians raised a cry of warning which aroused the guests, and they appeared at the upper windows of the hotel in their night attire. Below them roared the fire with gradually increasing fury and clouds of smoke made uncertain the extent of the flames.

One of the guests on the second floor swung himself out upon the ledge of the window, peering at the menacing flames for a moment and then deliberately jumped to the sidewalk. He fell into the gutter helpless. A number of others followed. Siederman jumped from the fifth floor and was killed.

Several were rescued miraculously.

Ten Persons Injured.

Chicago, Aug. 1.—Ten young people were seriously injured Sunday by the overturning of a tallyhoat at the foot of the Ogden Avenue viaduct. Fifteen persons were riding in the vehicle bound for a lay's outing at Riverside. While crossing the viaduct at Ogden Avenue the horses became unmanageable and dashed down the steep incline bringing up against the curbing. The bus was smashed to pieces.

Four Boys Drowned.

Paducah, Ky., Aug. 1.—Jessie Johnson, Fred Johnson, James Stewart and Luther Stewart, ranging in ages from 13 to 19, were drowned while bathing in the river above this city. One boy got beyond his depth and the others went to his rescue. All were caught in the swift current and went down.

Eight Over Parishes.

Montgomery, Ala., Aug. 1.—A special to The Advertiser from Opelika says in a fight over politics in Chambers county Saturday night two prominent white men and four negroes were shot and several others narrowly escaped a similar fate.

Charged With Lynching.

Center, Tex., Aug. 1.—The grand jury has indicted Barto Hughes, Henry Hughes, Andrew Dillon and Ardis Page for the lynching of Joe Shields, which occurred near here in 1897. The men are in jail. Three members of the same mob are serving life sentences.

Lynched While Bathing.

Midlothian, Tex., Aug. 1.—Lee Leopold was drowned here Sunday while bathing. He was a stranger here. He worked as a section hand on the Santa Fe.
